

ROGER LEWIS

SINTRA

DESIGNED BY

James A Wright in 2018

DESCRIPTION

Designed for use in working environments: boardrooms, hotel bedrooms, dining and breakout areas.

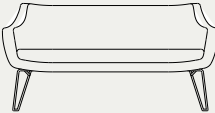

"The timber rear legs evoke an arts and crafts or a Scandinavian feel, whereas the steel version is very contemporary with inspiration from the Bauhaus period" Jim Wright.

All our range names are places of tranquillity for our team. Sintra is a beautiful colourful town surround by national parkland just along the coastline from Lisbon, Portugal. Memories of sitting high up at Pena Palace with the incredible views out to sea across the turrets.

TECHNICAL SPECIFICATIONS

- Natural Oak, EPC Anthracite, chrome.
- Fabric only, Fixed.
- CMHR foams
- Sustainable seasoned hardwoods birch, beech and multiply. Structural joints are glued and screwed.
